PROFILE

Motivated B-Tech Computer Science and Engineering student with a solid foundation in Java programming and web development using HTML, CSS and Angular. Experienced in internships focused on Artificial Intelligence, gaining hands-on expertise in building dynamic web applications, food websites, and YOLOv8 object detection models. Passionate about continuous learning, problem-solving, and innovating with emerging technologies to contribute effectively in the tech industry.

EDUCATION

Godavari Institute of Engineering and Technology, B-Tech (CSE) CGPA:8.39	2022 – Present Rajahmundry
Sri Chaitanya Junior College, INTERMEDIATE (MPC) Percentage:79%	2020 – 2022 Rajahmundry
Aksharasri Vidyanikethan, SSC CGPA:9.8	2019 – 2020 Rajahmundry

TECHNICAL SKILLS

Programming Languages: Java
Frontend: HTML, CSS, Angular (Basics)
Database: MySQL
Tools Known: Git, GitHub

SOFT SKILLS

- Problem-solving ability
- Teamwork
- Willingness To Learn

INTERNSHIPS

Intern at Techwing • Developed end-to-end web applications with responsive UIs using HTML, CSS, JavaScript, and Angular. • Managed MySQL databases with optimized queries for efficient data handling.	05/2025 – 07/2025
Intern at AIMERS • Built YOLOv8 object detection models, chatbots, and VQA models. • Created Power BI dashboards and used generative AI for text/images.	05/2024 – 07/2024

PROJECTS

- Chill&Grill Website**, HTML, CSS
- Designed and developed a responsive food website with interactive UI components.
 - Implemented user-friendly navigation with sections for About Us, Product Categories, and Contact.
 - Applied CSS media queries for mobile-first design, enhancing accessibility across devices.
- Number Detection**, YOLO
- Developed a real-time digit recognition system (0–9) using YOLOv8 deep learning model.
 - Processed images/videos including house numbers, license plates, and handwritten digits.
 - Deployed a web/desktop interface for result visualization, improving accuracy in detection.
- Spicy-Hub**, HTML, CSS, Angular
- Built a responsive full-stack web application to display real-time food availability.
 - Utilized Angular components, routing, and data binding for dynamic updates.
 - Enhanced customer experience through real-time UI rendering and optimized data handling.

CERTIFICATION

Java Certification, Issued by Certiport (2025)

CERTIFICATES

Artificial Intelligence – AIMERS Society in collaboration with APSCHE
Certificate in CSS (Basic) – HackerRank

LANGUAGES

English Telugu
